ID Badge Printer System

Have you been looking for a way to produce professional quality ID badges in-house without having to spend a fortune? This ID Badge Printer System seamlessly integrates with Shelby's ID Badge Design feature in the GlobaFILE, Check-In and Registrations modules. Produce ID badges and key tags for your check-in system, employee identification, events or even school IDs. Even incorporate photos or bar codes for added security and automation.

Features and Benefits

- Add photos with your own camera. Images are saved in GlobaFILE.
- Design and print personalized ID badges and key tags directly from within Shelby Check-In, GlobaFILE, or Registrations, no additional software needed
- One-sided, edge-to-edge printing
- 100-card, front-facing input hopper
- 25 card, front-facing output hopper
- Automatic card feeding
- Easy-access components, including quick-change ribbon cartridges
- Full-color or monochrome imaging
- 300 dpi print resolution

- Prints up to 200 full-color cards per hour or up to 830 single-color cards per hour
- Produce custom ID badges and key tags one at a time or in large batches
- Add a bar code to your ID badge design and incorporate with your Check-In module to reduce check-in time and speed up attendance tracking
- Compact size doesn't take up much room on your desk
- Lightweight and portable design allows you to transport the printer to satellite locations or temporary work stations
- USB 2.0 and Ethernet 10 Base-T/100 Base TX connections offer plug-and-play simplicity and fast, easy installation

Requirements:
- GlobaFILE, Pose n' Print (for photos)
- USB port

Optional:
- Check-In, Registrations

ID Badge Printer System equips you to produce ID badges for your Check-In systems, employee identification or even school IDs.

Shelby offers blank, white plastic ID Badge Stock. Use with the ID Badge Printer to produce photo ID badges on demand- quickly and inexpensively.

Key Tag badge stock.
