

### Community

*Join the Community and turn on the power!*

The Community is the family of all Arena users, developers and preferred partners. The Community was created for all Arena clients to discuss, challenge and encourage one another. Ask questions, voice opinions, share ideas and create extensions that unleash the power of Arena.

**A few elements of the Community website include:**

- Discussion groups
- File sharing and other shared-source resources
- Networking and best-practice forums
- Arena Wiki
- Video training and sharing

**Application Sharing Discussion Group**

Discuss your experience with using or creating applications here. Brainstorm specific application needs and requirements.

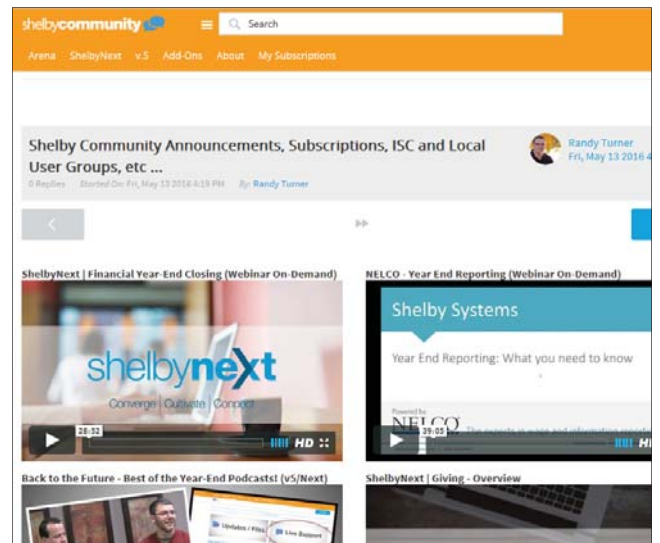

**Data Quality Discussion Group**

Discuss how to improve your church’s quality of data. Share ideas for data-in and dataout best practices.

**What’s Hot - Conferences Discussion Group**

Discuss and share ideas from recent conferences of let the community know of an upcoming event.
