e-Solutions

e-Solutions for Fundraising

Your ministry extends far beyond the walls of your organization and so should your network. Harness the reach of the Internet with Shelby Systems e-Solutions. Hosted on our secure servers, e-Solutions can be linked to from your church website.

Organizational staff, volunteers and members can access information from home, wi-fi hot spots or anywhere that has an Internet connection. Incoming data is safely stored, downloaded and synchronized with your Shelby v.5 database, eliminating additional data entry by office staff.

Call us today to explore your "e-possibilities".

Annual Subscription

e-Donor

This online giving application makes it possible to accept gifts and other donations 24 hours a day, 7 days a week. Donors can make recurring gifts from their credit card or checking or savings account to multiple purposes. Visitors can make one-time donations with minimal signup. Registered users can view giving history online and even print contribution statements.

• HTTPS secure access
• PCI (Payment Card Industry) compliant
• SSL encryption
• One-time or recurring gifts
• Shelby v.5 Donor required

e-Registrations

You are doing a great job promoting events with your website. Why wait to register participants? Add convenience and save time with e-Registrations.

Process any event along with associated activities & materials, and accept payments online, if applicable. Completed transactions are processed into Shelby v.5 Registrations and posts to Financials, without re-entry.

• Online event registration
• Online payments: partial payments or full balance
• Check or credit card processing
• Cancellation management
• Enrollment limits control
• Shelby v.5 Registrations, Accounts Receivable and General Ledger required

For e-Give and e-Registrations, you must have a merchant account from one of our authorized providers, MinistryLinq or PDS. For rate information, contact your sales consultant.
