

Hosted Backup Plans

Arena is Shelby Systems' browser-based Church Ministry System

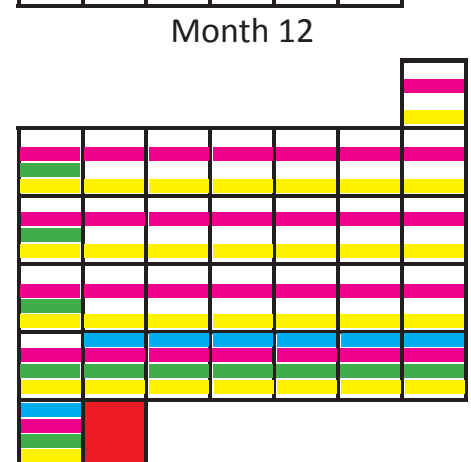

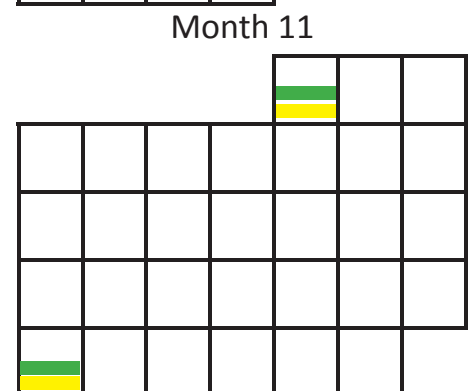

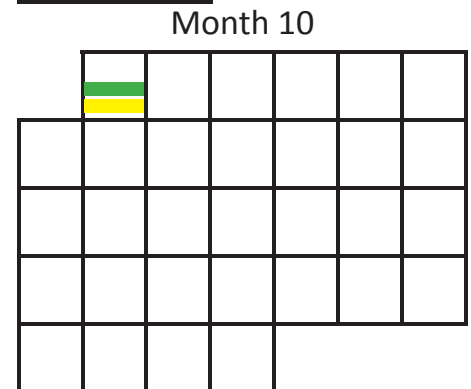

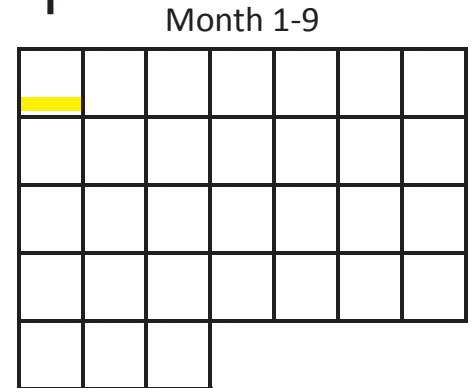

Worried about your data? Don't be! By becoming an Arena Select Hosted customer, you have 7 days of backups available to roll back to, all included in the price of the software. If you need additional levels of backup, we have 3 additional plans available for purchase that will fit your every backup need.

The illustration on your right will show you, based on the 3 backup plans plus the included 7 day backup, what your options for rollback are for each plan.
